

DWARF INFO

FOR FANTASY LOVING YOUNG WRITERS

Dwarves live in underground caves and tunnels where they mine precious metals and gems.

Dwarves are great in a battle. They love to fight close-range. Their favorite weapons are axes and hammers.

Dwarves live about 250 years. They are not considered an adult until they are 65 years old.

Female dwarves look like male dwarves. Some writers say they grow beards too, some writers say they don't.

DWARF INFO

FOR FANTASY LOVING YOUNG WRITERS

Dwarves are known to be grumpy, especially when dealing with elves, whom they distrust.

Dwarves love treasure and hoard their gold, jewels and precious metals.

Dwarves never go bald. All the members of one clan will usually braid their beards the same way.

Dwarves are resistant to poison and magic, ie hostile magic spells won't work on them. But they can create magic tools, armor and weapons, instruments and toys
